

# VEGETARIAN INDEX

1976-77 Production Season

## I. CROPS

### Crucifers

1. Cabbage Black Rot Regulations for Imported Plants, 76-12 (Commercial)
2. Harvesting and Handling of Fresh Market Cabbage, 76-12 (Commercial)

### Cucurbits (Vine Crops)

1. Cutworm Control in Watermelon, 77-2 (Commercial)
2. Fruit Set in Watermelons, 76-7 (Commercial)
3. Irrigation - Value in Watermelon Production in 1977, 77-6 (Commercial)
4. Squash - Harvesting and Handling, 76-11 (Commercial)
5. Watermelon Grade Standards & Quality, 77-3 (Commercial)

### Solanaceous Crops

1. Blossom-end Rot of Tomatoes, 77-6 (Gardening)
2. Deck Tomatoes, 77-4 (Gardening)
3. Deep Planting Tomatoes, 77-4 (Gardening)
4. How Big is an Acre of Tomatoes, 76-9 (Commercial)
5. Pointers for Control of Vegetable Leafminer and Tomato Pinworm, 76-9 (Commercial)
6. Tractor Furrow Weed Control for Tomatoes; 77-2 (Commercial)

### Table Legumes

1. Are Your Beans Ready to Pick, 77-5 (Gardening)
2. Control of Bean Molds, 77-1 (Commercial)

### Minor Crops

1. Know Your Vegetables - Anise, 76-12 (Gardening)
2. Know Your Vegetables - Banana Squash, 77-4 (Gardening)
3. Know Your Vegetables - Dill, 77-3 (Gardening)
4. Know Your Vegetables - Lentils, 76-10 (Gardening)
5. Know Your Vegetables - Ornamental Gourds, 77-6 (Gardening)
6. Know Your Vegetables - Peanuts, 77-5 (Gardening)
7. Know Your Vegetables - Pimiento, 76-11 (Gardening)
8. Know Your Vegetables - Rape, 76-7 (Gardening)
9. Know Your Vegetables - Sea Kale, 77-1 (Gardening)
10. Know Your Vegetables - Seedless Watermelons, 76-9 (Gardening)
11. Know Your Vegetables - Snow Pea, 76-8 (Gardening)
12. Know Your Vegetables - Vegetable Spaghetti, 77-2 (Gardening)

## II. SPECIFIC TOPICS

### Commercial Production

1. Checklist of Things to Consider Before Planting Vegetables, 76-9 (Commercial)
2. Cover Crops Can Reduce Weed Problems in Vegetable Rotations, 77-3 (Commercial)
3. Hairy Indigo Cover Crop for Nematode Control, 77-4 (Commercial)
4. The Increasing Role of F<sub>1</sub> Hybrids in Modern Vegetable Crop Production, 77-1 (Commercial)

### Cultural Practices

1. Fertilization & General Sequence of Operations Under Full-Bed Plastic Mulch Culture, 76-8 (Commercial)
2. Hairy Indigo Cover Crop for Nematode Control, 77-4 (Commercial)
3. Nutsedge Control in Vegetables - Chemical Suppression & Year-Round Management, 77-5 (Commercial)
4. Nutsedge Control in Vegetables - Cultural Management, 77-4 (Commercial)
5. Root Injury - Contributing Factors, 77-1 (Commercial)
6. Root Injury - Correction in Vegetable Crops, 77-3 (Commercial)
7. Root Injury - Prevention in Vegetable Crops, 77-2 (Commercial)

### Fertilization and Liming

1. Chicken Manure in the Garden, 77-3 (Gardening)
2. Fertilization and General Sequence of Operations Under Full-Bed Plastic Mulch Culture, 76-8 (Commercial)
3. Fertilizer Fieldmen's Training, 76-11 (Commercial)
4. Liming the Garden, 77-3 (Gardening)
5. Making Fertilizer Recommendations, 76-12 (Commercial)
6. Plant Food Removal by Various Vegetable Crops, 76-7 (Commercial)
7. Portable Soluble Salt Meter, 76-10 (Commercial)

### Harvesting and Handling

1. Control of Bean Molds, 77-1 (Commercial)
2. Freeze-Damaged Vegetable Crops - A Follow Up, 77-5 (Commercial)
3. Harvesting and Handling Freeze-Damaged Vegetables, 77-2 (Commercial)
4. Harvesting and Handling of Fresh Market Cabbage, 76-12 (Commercial)
5. Reducing Postharvest Vegetable Losses, 76-10 (Commercial)
6. Squash - Harvesting and Handling, 76-11 (Commercial)
7. Watermelon Grade Standards & Quality, 77-3 (Commercial)

### Irrigation & Drainage

1. Aids to Field Diagnosis: Portable pH and Soluble Salt Meters, 77-6 (Commercial)
2. Calculating the Daily Water Needs of Vegetables, 77-5 (Commercial)
3. Irrigation - Value in Watermelon Production In 1977, 77-6 (Commercial)
4. Water Conservation in the Early Growth of Vegetables, 77-4 (Commercial)

### Pests and Control

1. Cabbage Black Rot Regulations for Imported Plants, 76-12 (Commercial)
2. Cutworm Control in Watermelon, 77-2 (Commercial)
3. Cutworms in the Garden, 77-4 (Gardening)
4. Diazinon - Dual Purpose Insecticide, 77-5 (Gardening)
5. Hairy Indigo Cover Crop for Nematode Control, 77-4 (Commercial)
6. Influence of Water pH on Effectiveness of Pesticides, 76-8 (Commercial)
7. Pointers for Control of Vegetable Leafminer and Tomato Pinworm, 76-9 (Commercial)
8. Soil Fumigants vs. Granular Nematicides for Vegetable Crops in Florida, 77-2 (Commercial)
9. Transplant Production Problems, 77-2 (Commercial)

### Physiology, Growth, Reproduction

1. Fruit Set in Watermelons, 76-7 (Commercial)
2. How Big is an Acre of Tomatoes, 76-9 (Commercial)
3. Influence of Water pH on Effectiveness of Pesticides, 76-8 (Commercial)
4. Nutritional Problems: Deficiency or Excess, 76-10 (Commercial)
5. pH Benefits from Good Management in Vegetable Production, 76-10 (Commercial)
6. Root Injury - Contributing Factors, 77-1 (Commercial)
7. Root Injury - Correction in Vegetable Crops, 77-3 (Commercial)
8. Root Injury - Prevention in Vegetable Crops, 77-2 (Commercial)
9. Seed Germination, 77-3 (Gardening)
10. Soil pH - Determination & Interpretation in Vegetable Production, 76-11 (Commercial)

### Seeds and Transplants

1. Cabbage Black Rot Regulations for Imported Plants, 76-12 (Commercial)
2. Seed Germination, 77-3 (Gardening)
3. The Increasing Role of F<sub>1</sub> Hybrids in Modern Vegetable Crop Production, 77-1 (Commercial)
4. Transplant Production Problems, 77-2 (Commercial)

### Soils and Land Management

1. Aids to Field Diagnosis: Portable pH and Soluble Salt Meters, 77-6 (Commercial)
2. Cover Crops Can Reduce Weed Problems in Vegetable Rotations, 77-3 (Commercial)
3. Fertilization & General Sequence of Operations Under Full-Bed Plastic Mulch Culture, 76-8 (Commercial)
4. Hairy Indigo Cover Crop for Nematode Control, 77-4 (Commercial)
5. Making Fertilizer Recommendations, 76-12 (Commercial)
6. Nutritional Problems: Deficiency or Excess, 76-10 (Commercial)
7. pH Benefits from Good Management in Vegetable Production, 76-10 (Commercial)
8. Plant Food Removal by Various Vegetable Crops, 76-7 (Commercial)
9. Root Injury - Contributing Factors, 77-1 (Commercial)
10. Root Injury - Correction in Vegetable Crops, 77-3 (Commercial)
11. Root Injury - Prevention in Vegetable Crops, 77-2 (Commercial)
12. Soil Fumigants vs. Granular Nematicides for Vegetable Crops in Florida, 77-2 (Commercial)
13. Soil pH - Determination & Interpretation in Vegetable Production, 76-11 (Commercial)
14. Soil Tests Available for Vegetable Crops from Gainesville Lab, 76-12 (Commercial)

### Varieties and Types

1. "Floramerica" -- A New Tomato Variety for the Home Gardener, 77-6 (Gardening)
2. The Increasing Role of F<sub>1</sub> Hybrids in Modern Vegetable Crop Production, 77-1 (Commercial)

### Weeds and Control

1. Cover Crops Can Reduce Weed Problems in Vegetable Rotations, 77-3 (Commercial)
2. Herbicide Registration for Minor Crop Uses, 77-6 (Commercial)
3. Nutsedge Control in Vegetables - Chemical Suppression & Year-Round Management, 77-5 (Commercial)
4. Nutsedge Control in Vegetables - Cultural Management, 77-3 (Commercial)
5. Tractor Furrow Weed Control for Tomatoes, 77-2 (Commercial)

### Miscellaneous

1. Community Gardening, 77-4 (Gardening)
2. Community Gardening, 77-5 (Gardening)
3. Gardening Conversions, 77-6 (Gardening)
4. Pollinating Vegetables for Fruit Production, 77-5 (Gardening)
5. Some Symptoms of Air Pollution Injury on Vegetables, 77-3 (Commercial)
6. Summer Vegetable Garden, 77-6 (Gardening)
