

VEGETARIAN INDEX

82-1 to 82-12

1982 PRODUCTION SEASON

I. SPECIFIC TOPICS

Commercial Production (General)

Agricultural Water Use and Public Opinion, 82-4.

Boron Toxicity on Tomatoes in Southwest Florida, 82-1.

Broccoli and Cauliflower Production, 82-3.

Celery Production in Florida, 82-12.

Consumption and Production Trends for Broccoli and Cauliflower in Florida, 82-7.

Cost of Protecting Vegetables, 82-9.

Crop Injury due to Herbicide-Nematicide Reactions, 82-6.

Diagnostic Characteristics of Salt Damage, 82-8.

Extension Responsibility, Integrity and Hydroponics, 82-6.

Fusarium Wilt Disease of Tomato - An Old Disease Revisited, 82-8.

Herbicides Labeled for Use on Vegetables in Florida, 82-3.

Observation on Variability and Uniformity of Tomato Yields, 82-3.

Planning in Weed Control Practices, 82-9.

Plant Arrangement for Increased Bell Pepper Yield, 82-11.

Providing a Safe Basis for Changing Practices in Vegetable Production, 82-6.

Samples Submitted to Florida Plant Disease Clinic, 82-6.

Seeing and Looking at a Modern Tomato Crop, 82-7.

Start Planning to Avoid Herbicide Residue Problems, 82-5.

The IR-4 Program Expanded Pesticide Labels for Minor Crops, 82-5.

The 1982 Watermelon Planting Intentions, 82-2.

Water Applications on Full Bed Mulched Tomatoes in Manatee and Hillsborough Counties, 82-11.

Gardening (General)

- Dates Set for Master Gardener Programs, 82-4.
- Florida State Fair Identification and Judging Contest, 82-3.
- Florida 4-H Congress, 82-6.
- Florida Master Gardener Advanced Training Program, 82-6.
- Florida Community Gardening Program of 1982, 82-10.
- Gardening by the Moon and Almanac, 82-3.
- Gardening in Bags, 82-4.
- 4-H and FFA Horticulture Identification and Judging Contest, 82-12.
- 4-H and Other Youth, 82-2.
- 4-H Horticulture Activities, 82-12.
- 4-H State Horticultural Contest and FFA Vegetable Contest, 82-4.
- 4-Her's Prepare for National Contest, 82-10.
- Know Your Minor Vegetables - Adzuki Bean, 82-6.
- Know Your Minor Vegetables - Moth Bean, 82-10.
- Know Your Minor Vegetables - Burdock, 82-3.
- Know Your Minor Vegetables - Common Names, 82-4.
- Know Your Minor Vegetables - Herbs, 82-11.
- Know Your Minor Vegetables - Garden Huckleberry, 82-12.
- Know Your Minor Vegetables - Bambara groundnut, 82-5.
- Know Your Minor Vegetables - Guar, 82-8.
- Know Your Minor Vegetables - Parsley, 82-1.
- Know Your Minor Vegetables - Scorzenera, 82-7.
- Know Your Minor Vegetables - Truffles, 82-2.
- Know Your Minor Vegetables - Zucchini, 82-9.
- Master Gardening Planning, 82-10.

Master Gardener Program, 82-2.

Master Gardener Training Update, 82-3.

Master Gardeners Agent Training, 82-5.

Results from the 1982 State FFA Vegetable Judging and Identification Contest, 82-7.

Results of the 1982 State 4-H Horticultural Demonstration and Judging Contest, 82-8.

Second Annual Advanced Master Gardener Training, 82-8.

Starting Potatoes From True Seed, 82-2.

#### Harvesting and Handling

Harvesting Practices for Roadside Markets, 82-7.

Influence of Harvest Date and Cultivar on Semi-mechanically Harvest Tomato Yields, 82-1.

MUM Containers Tested for Florida Tomatoes, 82-11.

#### Pesticide Update

Changes in Roundup Label, 82-4.

Crisis Exemption for Use of Benomyl on Lettuce, 82-2.

Crisis Exemption for Use of Metabalexyl on Potatoes, 82-5.

Dyrene on Watercress, 82-11.

Ethylene Use Label Required, 82-1.

Label Approved of Dual 8E Herbicide on Several Vegetables, 82-5.

Lexone Registered on Tomatoes, 82-9.

Methamidophos on Celery, 82-11.

Mevinphos on Watercress, 82-11.

Oryzalin (Sulfan) Labeled for Weed Control in Transplanted Sweet Potatoes, 82-9.

Oxamyl for Control of Nematodes in Green Beans, 82-10.

Paraquat to Control Weeds in Strawberries, 82-10.

Permethrin on Celery, 82-11.

Permethrin on Lettuce, 82-10.

Permethrin on Tomatoes, 82-11

Removal of Vernam 7E Label for Sweet Potatoes, 82-4.

Section 18 Exemption for Metalachlor, 82-12.

Section 18 for Use of Permethrin on Sweet Corn, 82-3.

Section 18 Label for Benomyl on Head Lettuce Granted, 82-5.

### Pest Control

Crop Injury Due to Herbicide-Nematicide Reactions, 82-6.

Herbicides Labeled for Use on Vegetables in Florida, 82-3.

Start Planning to Avoid Herbicide Residue Problems, 82-5.

The IR-4 Program Expanded Pesticide Labels for Minor Crops, 82-5.

### Seeds and Transplants

Starting Potatoes from True Seed, 82-2.

1982 Watermelon Planting Intentions, 82-2.

Vegetable Seed and Plant Companies, 82-11 (Attachment).

Varieties

- Know Your Minor Vegetables - Adzuki Bean, 82-6.  
Know Your Minor Vegetables - Moth Bean, 82-10.  
Know Your Minor Vegetables - Burdock, 82-3.  
Know Your Minor Vegetables - Common Names, 82-4.  
Know Your Minor Vegetables - Bambara groundnut, 82-5.  
Know Your Minor Vegetables - Guar, 82-8.  
Know Your Minor Vegetables - Herbs, 82-11.  
Know Your Minor Vegetables - Garden Huckleberry, 82-12.  
Know Your Minor Vegetables - Parsley, 82-1.  
Know Your Minor Vegetables - Scorzenera, 82-7.  
Know Your Minor Vegetables - Truffles, 82-2.  
Know Your Minor Vegetables - Zucchini, 82-9.  
Leesburg ARC Cucurbit Variety Trial Demonstration, 82-4.

Notes of Interest

- Agricultural Water Use & Public Opinion, 82-4.  
Central & Southern Weed Tour, 82-4.  
Diagnostic Characteristics of Salt Damage, 82-8.  
Fifth Annual Allied Industry Workshop, 82-11.  
Gardening by the Moon and Almanac, 82-3.  
Home Horticulture In-Service Training, 82-11.  
Immokalee ARC Field Day, 82-4.  
Interim Guidelines Recommended for Reducing Cancer Risks Through Diet, 82-8.  
Leesburg ARC Cucurbit Variety Trial Demonstration, 82-4.

Membership in the American Society for Horticultural Science, 82-7.

New Look for Vegetarian, 82-10.

New Vegetable Crops Faculty, 82-7:

(a) Ruben B. Beverly

(b) Steven P. Kovach

Samples Submitted to Florida Plant Disease Clinic, 82-6.

The Problem of Attendance, 82-2.

Twenty First Annual Florida Tomato Institute, 82-7.

Vegetable Seed and Plant Companies, 82-11 (Attachment).

"Vegetarian" Mailing List Update, 82-3.

## II. CROPS

### Beans

Oxamyl for Control of Nematodes in Green Beans, 82-10.

### Broccoli and Cauliflower

Broccoli and Cauliflower Production, 82-3.

Consumption and Production Trends for Broccoli and Cauliflower in Florida, 82-7.

### Celery

Celery Production in Florida, 82-12

Methamidophos on Celery, 82-11.

Permethrin on Celery, 82-11.

Sweet Corn

Section 18 for Use of Permethrin on Sweet Corn, 82-3.

Lettuce

Crisis Exemption for Use of Benomyl on Lettuce, 82-2.

Permethrin on Lettuce, 82-10.

Section 18 Label for Benomyl on Head Lettuce Granted, 82-5.

Pepper

Plant Arrangement for Increased Bell Pepper Yield, 82-11.

Potatoes

Crisis Exemption for Use of Metabalexyl on Potatoes, 82-5.

Oryzalin (Sulfan) Labeled for Weed Control in Transplanted Sweet Potatoes, 82-9.

Removal of Vernam 7E Label for Sweet Potatoes, 82-4.

Starting Potatoes from True Seed, 82-2.

Strawberries

Paraquat to Control Weeds in Strawberries, 82-10.

Tomatoes

Boron Toxicity on Tomatoes in Southwest Florida, 82-1.

Fusarium Wilt Disease of Tomato - An Old Disease Revisited, 82-8.

Influence of Harvest Date and Cultivar on Semi-mechanically Harvested Tomato Yields, 82-1.

Lexone Registered on Tomatoes, 82-9.

Observation on Variability and Uniformity of Tomato Yields, 82-3.

Permethrin on Tomatoes, 82-11.

Seeing and Looking at a Modern Tomato Crop, 82-7.

Water Applications on Full Bed Mulched Tomatoes in Manatee and Hillsborough Counties, 82-11.

#### Watercress

Dyrene on Watercress, 82-11.

Mevinphos on Watercress, 82-11.

#### Watermelon

1982 Watermelon Planting Intentions, 82-2.
