

VEGETARIAN INDEX

January through December 1984

84-01 to 84-12

I. SPECIFIC TOPICS

Commercial Production (General)

Alternative Fungicide Programs for Snap Beans Going to Canada, 84-10

Alternatives to EBD and D-D for Vegetable Nematode Control in 1984, 84-02

Commercial Management for Increased Post Control in Tomatoes, 84-09

Domestic Farming Systems Conference, 84-10

Factors Affecting the Replanting of Cold Damaged Crops, 84-01

Florida Strawberry Production - Current Situation, 84-10

Fresh Market Vegetable Production, 84-08

Herbicide Families and Symptom of Injuries, 84-07

Herbicide Families and Symptom of Injuries, 84-08

Herbicide Families and Symptom of Injury, 84-06

Herbicide Selection for Watermelon Production, 84-02

Injection of Fertilizers Into Drip Irrigation Systems for Vegetable, 84-01

Mulch and Row covers on Muskmelons in Florida, 84-11

National Agricultural Plastics Congress, 84-10

Partial Listing of Commercial Vegetable Seedling Growers - Southwest Florida, 84-05

Productivity Growth in the Florida Fresh Winter Vegetable Industry, 84-07

Row Covers for Commercial Vegetable Culture, 84-11

Selecting an Irrigation System for A Vegetable Crop in Florida: Part I, Water and Supply Systems, 84-04

Selecting an Irrigation System for A Vegetable Crop in Florida: Part II, Soil and Climatic Factors, 84-05

Selecting an Irrigation System for A Vegetable Crop in Florida: Part III, Water and Supply Systems, 84-04

Symposium on Bacterial Diseases of Vegetable Crops, 84-03

Value of Florida Vegetable Exceeds One Billion Dollars, 84-03

Vegetable Crops In-Service Training, 84-12

Home Vegetable Production

Application Intervals for Garden Pesticides - A Word of Caution, 84-12

Cloning Vegetables - 4-H Project with Scientific Appeal, 84-11

Collard Varieties for North Florida, 84-05

Florida Master Gardeners Begin a New Year, 84-01

4-H Horticulture Demonstrations, 84-08

4-H Horticulture Identification and Judging Contest, 84-08

Inexpensive pH Estimator Strips, 84-12

Master Gardener Activities, 84-11

Master Gardener and Update and Spring Training, 84-02

1984 FFA and 4-H ID Contest, Florida State Fair, 84-03

Recent Field Study Results of Interest to Gardeners, 84-06

Safety in the Vegetable Garden, 84-09

St. John's County Garden Contest, 84-06

Summary - First Five Years (and current status) of the Florida Master Gardener Program (1979-1983), 84-04

The Fourth Annual Florida Master Gardener Training, 84-09

Vegetable Specimen Garden at the University of Florida, 84-10

Yellow-Margined Leaf Beetle Pest on Crucifers, 84-07

Notes of Interest (General)

New Faculty, 84-04

New Publications, 84-01, 84-02, 84-03, 84-05, 84-09, 84-10, 84-12

New Telephone Listing for Vegetable Crops, 84-06

1984 Tomato Institute, 84-07

Personnel, 84-12

The National Aricultural Plastics Association, 84-06

To Your Health, 84-07

Vegetable Crops Calendar, 84-01, 84-02, 84-03, 84-04, 84-05, 84-06, 84-07, 84-08, 84-09, 84-10, 84-11, 84-12

Vegetable Crops Department Faculty Changes, 84-10

Vegetable Crops Department Open House and Field Day, 84-04

Pesticide Update

Alachlor (Lasso) Registration Removed from Potatoes and Aerial Application, 84-12

Devrinol Granted Additional Labelling on Cole Crops, Melons and Squash, 84-03

New Terms and Conditions for Continued Registration of Alachlor, 84-12

Oxfluorfen (Goal 1.6E) Labelled on Onions, 84-02

Pendimethalin Labelled on Dry, Snap and Lima Beans, 84-08

Section 18 Denied for Oxamyl on Snapbeans, 84-11

Section 18 for Bayleton on Squash, Cucumbers and Cantaloupes, 84-04

Section 18 for Dyrene on Watercress, 84-11

Section 18 for Thiobencarb, 84-03

Section 18 for Permethrin on Watercress, 84-11

Sonalan Labelled on Watermelon, Cucumbers and Muskmelons, 84-01

Trigard Section 18 Reinstated, 84-03

CROPS

Beans (Dry, Snap and Lima)

Pendimethalin Labelled on Dry, Snap and Lima Beans, 84-08

Alternative Fungicide Programs for Snap Beans Going to Canada, 84-10

Section 18 Denied for Oxamyl on Snapbeans, 84-11

Crucifers

Collard Varieties for North Florida, 84-05

Yellow-Margined Leaf Beetle Pest on Crucifers, 84-07

Devrinol Granted Additional Labelling on Cole Crops, Melons and Squash, 84-03

Cucurbits

Section 18 for Bayleton on Squash, Cucumbers and Cantaloupes, 84-04

Sonalan Labelled on Watermelon, Cucumbers and Muskmelons, 84-01

Devrinol Granted Additional Labelling on Cole Crops, Melons and Squash, 84-03

Section 18 for Bayleton on Squash, Cucumbers and Cantaloupes, 84-04

Onions

Oxyfluorfen (Goal 1.6E) Labelled on Onions, 84-02

Potatoes

Alachlor (Lasso) Registration Removed from Potatoes and Aerial Application, 84-12

Strawberry

Florida Strawberry Production - Current Situation, 84-10

Tomatoes

Commercial Management for Increases Pest Control in Tomatoes, 84-09

WEED CONTROL

Alachlor (Lasso) Registration Removed from Potatoes and Aerial Application, 84-12

Devrinol Granted Additional Labelling on Cole Crops, Melons and Squash, 84-03

Herbicide Families and Symptoms of Injury, 84-06

Herbicide Families and Symptoms of Injuries, 84-07

Herbicide Families and Symptoms of Injury, 84-08

Herbicide Selection for Watermelon Production, 84-02

New Terms and Conditions for Continued Registration of Alachlor, 84-12

Oxyfluorfen (Goal, 1.6E) Labelled on Onions, 84-02

Pendimethalin (Prowl) Labelled on Dry, Snap and Lima Beans, 84-08

Section 18 for Thiobencarb, 84-03

Sonalan Labelled on Watermelons, Cucumbers, and Muskmelons, 84-01
